The Bible and Western Civilization

Professor William H. C. Propp

The Bible is the core artifact of Western Culture. Not just our diverse religious beliefs and practices, but our common ethics, our contending schools of philosophy and our cherished works of art may be described as reactions to this eclectic anthology of sources in ancient Hebrew, Aramaic and Greek.

The course introduces students to the origins of alphabetic technology in the Near East and its effect on the formation of biblical literature. It then demonstrates the Bible’s influence on subsequent religions, philosophies, arts and social movements, from ancient Judea to contemporary America, as the text was universally disseminated, first by the labor of anonymous scribes and translators, and eventually through the new technologies of print and digital media. Topics include: the invention of writing; the formation of the biblical canon; early Christianity; the interaction between the Bible and Greek philosophy; the influence of the Bible on the fields of geography, astronomy, geology and biology; the oratorios of George Frideric Händel, the European painting tradition; Elizabethan drama; the novels of John Steinbeck; the contemporary Christian publishing business; and American constitutional law, specifically in the areas of civil rights and the separation of church and state.

Office Hours: Monday 3:00-5:00, HSS 4012. Office phone 858-534-6187 (no machine).
Email: wpropp@ucsd.edu (preferred method of communication).

Teaching Assistants: Fiori Dalla (fdalla@ucsd.edu), Julia Fermentto (jferment@ucsd.edu), Travis Holtby (travisholtby@gmail.com), Marco Huerta Alardin (mhuertaa@ucsd.edu), Michael Matsuno (mmatsuno@ucsd.edu), Ken Saragosa (fkasarago@ucsd.edu)

Readings: In addition to the required textbooks, some readings will be on websites linked to this syllabus, others will be posted on e-reserves through the Library website (http://libraries.ucsd.edu/resources/course-reserves/) (designated below ER), or held in a physical copy at the Geisel reserves desk (designated below R). **NEITHER THE UNIVERSITY OF CALIFORNIA NOR YOUR INSTRUCTOR ENDORSES OR ADVOCATES ANY PRODUCTS OR CREEDS ADVERTISED ON THE INTERNET. WE’RE JUST TRYING TO KEEP YOUR COSTS DOWN!** There are also four required textbooks, which you may procure at the campus bookstore or on your own (actually we will only use the first three, but you will need the fourth for the rest of CAT):

1. Michael D. Coogan, ed., *The New Oxford Annotated Bible – New Revised Standard Version With The Apocrypha* (Oxford University Press, 2010). Because the book is so thick and the font so small, you may wish to procure the e-version; page numbers on
the syllabus, however, refer to the printed, paperback edition. (If you use the e-version, see end of syllabus for finding the assigned readings.) Unless indicated otherwise below, you are responsible only for the biblical translation itself, not the book introductions or footnotes.

**Evaluation/Assignments:** Your grade has numerous components, so that isolated lapses will not necessarily have major consequences.

1. Lecture Attendance/Participation (10 x 1% = 10%). Approximately once a week, unannounced, you will do an in-class writing assignment. If you miss lecture, you will receive no credit. (See below for exceptions.)

2. Section Attendance/Participation (10 x 1% = 10%). You must attend every section having done the readings and having thought about the questions on the syllabus in advance. Bring notes and be prepared to cite specific readings; merely showing up is insufficient. *If you must miss lecture or section due to illness or calamity, you must inform your TA beforehand, and promptly submit documentation of said illness or calamity. Stay in touch!*

3. Blog/Journal (10 x 2% = 20%). By midnight every Friday (excluding 9/25 and 11/27) and by midnight on Wednesday 11/25, you must submit electronically via TED a ca. 300-word mini-essay. Topics come from the REQUIRED THINKING suggestions below—choose only one, and make it the first line or paragraph of your mini-essay so we know what you’re talking about. These exercises do not require research or citations, but to receive full marks they must be coherent and well written. Opinions are fine as long as they are buttressed by arguments. N.B.: Because this is a short assignment, the narrower the topic the better (see below). See further below for grading criteria.

   Appended to this entry must be a list of ten new words you learned from the week’s readings, along with a brief definition. Indicate the reading and page where the word is found. To solidify your learning, try to use these new words in your class writing. (This last sentence is a suggestion not a requirement.)

4. Midterm Paper (25%). Expand a blog/journal entry from weeks 1 and 2 into a 1200-1500-word essay. The rough draft is due at the end of week 3 (10/16 in lecture in hard
copy, midnight via TED/Turnitin.com); your TA will make suggestions in week 4; your final draft will be due at the end of week 5 (10/30 in lecture in hard copy; by midnight via Turnitin.com). Unexcused lateness on either deadline will be penalized by ½ letter grade per day; failure to submit a rough draft entails failing the entire midterm paper assignment. In this paper you must cite specific evidence from assigned readings; do not cite other sources. Do not include a bibliography, but you must provide end- or footnotes referring by page to course readings. Citation format is up to you, just be consistent. Because this is still a short assignment, but with higher expectations, the narrower the topic the better! (Cf. Losh and Alexander on “Manageable Tasks.”)

5. Final Exam (35%). Identify major thinkers and artists studied in this course, and write short essays synthesizing specific themes. Further guidance will be provided in week 10.

3. Elisabeth Losh, Jonathan Alexander et al., *Understanding Rhetoric* (Bedford/St. Martin’s 2013), 68-111

**REQUIRED THINKING:** What does an individual lose when (s)he becomes literate? What does a society lose? What are the advantages to the individual and to society? How does the post-digital revolution resemble the state of preliteracy? How does it represent the triumph of literacy?

4. Biblical Origins 10/2

**ON YOUR OWN:** Refamiliarize yourself with Middle Eastern geography. Compare a modern map with NOAB maps 3, 7, 8, 10, 13.

**REQUIRED READING:**

1. Genesis chaps. 1-11 (text only, not footnotes)
2. Thomas C. Foster, *How to Read Literature Like a Professor* (Harper Perennial, 2014), 100-108

REQUIRED THINKING: How did the tribal composition of ancient Israelite society influence their world view? Consider the role of genealogy. What important cultural practices are explained in these chapters? What equally important practices are assumed or ignored? Could you draw a picture of the world as described in the text? As we read through the Bible, pay attention to contradictions and duplications—they will be discussed later.

RECOMMENDED READING: *NOAB* 3-11, the footnotes to Genesis 1-11

WEEK 1 SECTION DISCUSSION: What does Sheehan’s first paragraph mean (reading from class 2)? Do you agree? What was revolutionary about the “secular/cultural/academic/critical” approach to the Bible; how did it differ from a “religious/scriptural/spiritual/confessional” approach? Can and should we teach about the Bible in the U.C.? If so, how? **Why did you sign up for this course, and what do you hope to learn?**

WEEK TWO

5. Israelite Ancestors 10/5

ON YOUR OWN: Learn the meaning of English “covenant” and “testament.”

REQUIRED READING: Genesis chaps. 12-33 (text only)

REQUIRED THINKING: Follow Abraham’s migrations on a map. What is a covenant in the biblical sense? How would you describe the personalities of Abraham, Sarah, Isaac, Rebekah, Jacob and Esau—and God? How does the Genesis narrative create suspense? What is the relationship between suspense and religious faith?

RECOMMENDED READING: *NOAB* footnotes

RECOMMENDED READING: the books of Judges, 1-2 Samuel, 1-2 Kings

WEEK 2 SECTION DISCUSSION: Can we apply modern genre labels to the Bible: e.g., “history,” “science,” “anthropology,” “mythology,” “fiction”? Does the “omniscient narrator” point of view make it more or less credible as history? How does regarding the Bible as ancient Israelite literature, as opposed to God’s message to all humanity, affect our response to and understanding of Scripture? What questions do we ask of the text, and what answers do we hope to find?

WEEK THREE

8. *How the Bible Was Produced, the Early Stages 10/12*

REQUIRED THINKING: How reliable is our knowledge of how the books of the Bible were composed and canonized? What are areas of uncertainty? (Is uncertainty bad?) As with the theory of evolution, modern theories of biblical composition are rejected by religious conservatives, on the one hand, and touted by skeptics, on the other, while many try to find a middle ground. Why are these theories threatening to religion? Should they be?

Who were David Walker and Frederick Douglass? When did European national abolish slavery? When did the U.S.A.? What was the American Civil War? What is meant by the term “states' rights”?

REQUIRED READING:

2. Luke 12:41-48; Romans 13:1-7; 1 Corinthians chap. 7; Ephesians 6:1-9; 1 Timothy 6:1-12; 1 Peter 2:17-24 (N.B.: Your translation may mistranslate “slave” as “servant”—these are owned not paid personnel.)

5. Walker's Appeal, in Four Articles; Together with a Preamble, to the Coloured Citizens of the World, but in Particular, and Very Expressly, to Those of the United States of America. [URL: http://docsouth.unc.edu/nc/walker/walker.html]

7. Claudia Setzer & David A. Shefferman, The Bible and American Culture, 182-189 ER

REQUIRED THINKING: Whose arguments are better based on the Bible, those of the slave-owners or those of the abolitionists? Do you think the invocation of the Bible was useful in resolving the American pro- vs. anti-slavery debate? What do you think of applying the Bible to contemporary subjects of contention?

RECOMMENDED READING/LISTENING: Julia Ward Howe, “Battle-Hymn of the Republic.” [URL: http://www.poetryfoundation.org/poem/173685]. There are many bombastic performances of the song on YouTube; I prefer this plain rendition by Odetta. [URL: https://www.youtube.com/watch?v=4VsE9T4Sr30].

28. The Bible and American Public Life – The State vs. the Church? 12/2

ON YOUR OWN: What does the First Amendment of the U.S. Constitution say about freedom of religion? What did the phrase “wall of separation between church and the state” originally mean, and what has it come to mean today?

REQUIRED READING:

1. US Constitution, First Amendment. [URL: https://www.law.cornell.edu/constitution/first_amendment]

2. Exodus 20:2-17; 34:10-26; Deuteronomy 5:6-21

   http://archive.adl.org/10comm/print.html

REQUIRED THINKING: What are the main public debates in which religious liberty vs. separation of church and state arise, and the Bible is often cited? Does the religious neutrality of the State imply that the State is theistic or atheistic? What are other examples of public theism in the USA? Of public Christianity? Is the U.S.A. a Christian country? Should it be? What is San Diego’s most prominent case of church-state litigation over an allegedly religious public monument?

RECOMMENDED READING: Michael D. Coogan, The Ten Commandments, 50-93 (chap. 5, on the original meaning of the Decalogue).

29. The Bible and American Public Life – Gay Marriage, SUMMATION 12/4

ON YOUR OWN: What are anti-sodomy laws? What are recent legislation and court decisions concerning same-sex marriage?

REQUIRED READING:

   http://www.nytimes.com/interactive/2015/06/05/us/samesex-scriptures.html?_r=0

REQUIRED THINKING: Which side of the gay marriage debate takes the Bible more seriously?

RECOMMENDED READING:

*WEEK 10 SECTION DISCUSSION:* Give examples of how the Bible shaped American history. Is biblical interpretation ultimately subjective? If so, why invoke it? If not, who possesses authority? How has the Bible been invoked in the same-sex marriage debate? Is one side more honest than the other? Are the issues similar to or different from those involved in Ten Commandments displays? How do the Supreme Court decisions Obergefell v. Hodges and Miller v. Davis potentially infringe citizens’ First Amendment rights?

CAT POLICIES:

1. ASSIGNMENT SUBMISSION
2. ATTENDANCE
3. CLASS PARTICIPATION
4. CAT GRADING CRITERIA – PARTICIPATION
5. ACADEMIC INTEGRITY

1. Assignment Submission

A. Due Dates
An assignment will receive an F if a student does not participate in every phase of the development of the project and meet all deadlines for preliminary materials (proposals, drafts, etc).
Failure to submit any of the graded course assignments is grounds for failure in the course.

If a final draft is not submitted in class on the date due, it will be considered late and will lose one half-letter grade for each day or part of a day past due (A to A-, etc.). Assignments are due in hard copy as well as via Turnitin.com. You must submit your assignments directly to your TA; you will not be able to leave papers for your TA at the Sixth College Offices. Any late submissions must be approved by your TA and/or faculty instructor well in advance of the due date.

**B. Turnitin**

Final drafts must be submitted to Turnitin.com via TED BY MIDNIGHT on the day it is submitted in class. A grade will not be assigned to an assignment until it is submitted to Turnitin.com via TED. Failure to submit an assignment to Turnitin.com via TED is grounds for failure of the assignment.

2. **ATTENDANCE**

On-time attendance in lecture and section is required. Please notify your TA if you must be absent for illness or family emergency. Excessive absence (more than three class sessions, either lectures or sections) may be grounds for failing the course. Excessive tardiness will also impact your grade and may be grounds for failure.

3. **CLASS PARTICIPATION**

Contributions to class discussions and active participation in small group work are essential to both the momentum of the course and the development of your ideas. This requires that you come to class prepared (having completed assigned reading and writing) and ready to participate in class activities. See the participation evaluation rubric below for more information.

4. **CAT Grading Criteria – Participation**

Here is a description of the kind of participation in the course that would earn you an A, B, C, etc. Your TA may use pluses and minuses to reflect your participation more fairly, but this is a general description for each letter grade. You will be graded on each section you attend.

**A – Excellent**

Excellent participation is marked by near-perfect attendance and rigorous preparation for discussion in lecture and section. You respond to questions and activities with enthusiasm and insight and you listen and respond thoughtfully to your peers. You submit rough drafts on time, and these drafts demonstrate a thorough engagement with the assignment. You
respond creatively to the feedback you receive (from both your peers and TA) on drafts, making significant changes to your writing between the first and final drafts that demonstrate ownership of your own writing process. Finally, you are an active contributor to the peer-review and collaborative writing processes.

**B – Good**

Good participation is marked by near-perfect attendance and thorough preparation for discussion in lecture and section. You respond to questions with specificity and make active contributions to creating a safe space for the exchange of ideas. You submit rough drafts on time, and these drafts demonstrate thorough engagement with the assignment. You respond effectively to the feedback you receive (from both your peers and TA) on drafts, making changes to your writing between the first and final drafts. You are a regular and reliable contributor to the peer-review and collaborative writing processes.

**C – Satisfactory**

Satisfactory participation is marked by regular attendance and preparation for discussion in lecture and section. You respond to questions when prompted and participate in classroom activities, though you may sometimes be distracted. You are present in lecture and section, with few absences, and have done some of the reading some of the time. You submit rough drafts on time and make some efforts toward revision between the first and final drafts of an assignment. You are involved in peer-review activities, but you offer minimal feedback and you may not always contribute fully to the collaborative writing process.

**D – Unsatisfactory**

Unsatisfactory participation is marked by multiple absences from section and a consistent lack of preparation. You may regularly be distracted by materials/technology not directly related to class. You submit late or incomplete drafts and revise minimally or only at a surface level between drafts. You are absent for peer-review activities, offer unproductive feedback, or do not work cooperatively in collaborative environments.

**F—Failing**

Failing participation is marked by excessive absences, a habitual lack of preparation, and failure to engage in the drafting, revision, and collaborative writing processes.

5. **Academic Integrity**

UCSD has a university-wide Policy on Integrity of Scholarship, published annually in the General Catalog, and online at [http://students.ucsd.edu/academics/academic-integrity/policy.html](http://students.ucsd.edu/academics/academic-integrity/policy.html). All students must read and be familiar with this Policy. All suspected
violations of academic integrity will be reported to UCSD's Academic Integrity Coordinator. Students found to have violated UCSD's standards for academic integrity may receive both administrative and academic sanctions. Administrative sanctions may extend up to and include suspension or dismissal, and academic sanctions may include failure of the assignment or failure of the course. Specific examples of prohibited violations of academic integrity include, but are not limited to, the following:

*Academic stealing* refers to the theft of exams or exam answers, of papers or take-home exams composed by others, and of research notes, computer files, or data collected by others.

*Academic cheating, collusion, and fraud* refer to having others do your schoolwork or allowing them to present your work as their own; using unauthorized materials during exams; inventing data or bibliography to support a paper, project, or exam; purchasing tests, answers, or papers from any source whatsoever; submitting (nearly) identical papers to two classes.

*Misrepresenting personal or family emergencies or health problems in order to extend deadlines and alter due dates or requirements* is another form of academic fraud. Claiming you have been ill when you were not, claiming that a family member has been ill or has died when that is untrue are some examples of unacceptable ways of trying to gain more time than your fellow students have been allowed in which to complete assigned work.

*Plagiarism* refers to the use of another’s work without full acknowledgment, whether by suppressing the reference, neglecting to identify direct quotations, paraphrasing closely or at length without citing sources, spuriuously identifying quotations or data, or cutting and pasting the work of several (usually unidentified) authors into a single undifferentiated whole.
